The furniture, lamps, rugs, silverware and many other things that you would like in your own home may easily be yours.

Back of every transaction is the Larkin guarantee of "Satisfaction, or your money back" and the visible evidence, in the form of the vast Larkin factories, that just as we have served millions in the past 53 years, so we can serve and satisfy you. It gives me great pleasure to invite you to join this great happy Larkin circle and make your dreams come true.

MIODIDJIESIKA

The exquisite bouquet perfume of Modjeska toilet soap charms and delights. It lingers like the scent of summer flowers plucked in the evening dew, so sweet, so delicate, so unobtrusive. The soap is as wonderful as its perfume. It is mild and pure. It produces a rich, creamy lather which gently lifts the grime and dirt from the pores as it softens and soothes the skin.

In spite of the fact that this soap is used more frequently than other soaps because it is so delightful to use, it will last long. The beautiful firmly pressed cake wears away slowly.

Then came the rage for dark, somber colors with no trimming at all. Now, the modern home is painted in a light tint with just enough trimming color to set off its individuality.

Whatever the style or color. Larkin House Paints protect as well as beautify. The materials from which they are made are the best obtainable, combined in the correct proportions for maximum durability in any climate.

How to Figure the Quantity of Paint Needed for any House

For re-painting: Add the length of both sides and the width of front and rear and multiply by the height to the eaves; divide this by 325 and you have the number of gallons of body color required for two coats.

For priming wood not previously painted, add 1/3 to the total quantity figured above. The paint used for priming should be white or a light tint thinned with oil and turpentine as directed on the label.

You will require one gallon of the trimming color for every five gallons of the body color. You will also need some Shellac No. 991 and brushes.

Flat Paints

Changing styles or new furnishings frequently make it desirable to change the color scheme of indoor walls. This is readily done with Larkin Flat Paint in twelve beautiful, permanent tints and white, providing a wide variety of artistic combinations. Easily applied on the largest surface and dries to a beautiful velvet finish which may be washed repeatedly.

One gallon covers about 250 square feet, two coats. For plaster and other porous surfaces, not previously painted, order some Sizing Varnish No. 645. Use Brush No. 348 for walls, and No. 341 for furniture and other small surfaces.

Varnishes are transparent and cannot hide marks and defects in the surface. Therefore, if the surface is badly marred use Larkin Graining Materials before varnishing or cover the old surface with a suitable paint or enamel.

Before varnishing new, open-grained wood such as oak, ash and mahogany, fill the pores with paste filler. This is not necessary for close-grained woods such as maple, pine and birch.

A Larkin Club of Your Own Quickly Brings You Lovely Things

The popular way to get Larkin Premiums is through a Larkin Club. Thousands upon thousands of women know the profit and pleasure of Larkin Club membership whereby the housekeeping funds bring into the home wonderful things that beautify and add comfort to the home.

Many thousands, too, have recognized in the Larkin Club the opportunity not only to obtain Larkin Premiums more quickly but as well to be of genuine service to their own immediate circle. Thus they not only belong to a Larkin Club of which a friend or relative is the proud Secretary, but at the same time they are themselves Secretaries of their very own.

As a member of a friend's Club you may purchase \$1 or \$2 monthly in the way of useful Larkin Products—soaps, pure foods, toilet articles, etc. and when your turn comes for the Larkin Premium

in that Club you will have the joy of having something to show for your housekeeping expenditure—something to brighten home, like a pretty lamp, a chair, warm, woolly blankets, table linen or glassware.

Then, too, as a Larkin Secretary of your very own Club, you may yourself in turn earn worth-while Rewards for conducting a Larkin Club. Larkin Co pays Larkin Secretaries liberally in the form of Larkin Coupons or Larkin Premiums for gathering together a little circle of friends, assembling and forwarding their Club order each month to Larkin Co.

The Secretary of a Larkin Club receives in Larkin Coupons one-fourth of the money sent with the order (provided the order amounts to \$10 or more and is paid in full).

Relatives and Friends Will Gladly Join

Larkin customers and Club members realize just how worthwhile it is to belong to a Larkin Club. If you do not now belong to one, ask any Club member to show you the Premium offered with a \$10 purchase, which she obtained just by ten little monthly \$1 purchases of Larkin Products in her Club. If you already know this by experience you can easily convince friends of the benefits of Larkin Club membership. Seeing is believing and you have ample proof of just how worthwhile it is to belong to a Club.

Jot down the names of some of the relatives or friends whom you would be glad to see enjoy the benefits of Larkin dealing. Then send for the interesting book pictured on the facing page. All you need to do is to cut out the postcard, sign your name on the reverse side and post it to us. So interested are we in telling you how worthwhile are the Rewards of the Larkin Secretary that we will gladly pay the postage on the card ourselves. You owe it to yourself to have your very own copy of this book that opens such a door to opportunity.

HOW TO ORDER

on Better Homes Easy-Payment Plan

Making Out the Order

All Larkin Premiums on pages 79 to 218 are sold on easy payments. Simply pick out the things you want from the host of offers.

In the catalog description of the article, the price printed is the Larkin Coupon price. Having found coupon price necessary to get the article, refer to the table below and you will find in the column opposite the coupon price, the easy-payment price.

For example, let us suppose that you have selected Coxwell Chair No. 1276M1 on page 150. On that page you will note that the price is \$50 in Larkin Coupons. By referring to the table on this page you will note that the easy-payment price for any article offered with \$50 in Larkin Coupons is \$28.75. Similarly, you will price whatever articles you selected for your Better Homes orders.

List your selections on the order blank, on page 77, together with the easy-payment price of each. Total the amount, then refer to the table headed "Terms of Payment" which you will find on page 75, for the amount of your down payment and monthly payments.

Note that the table below does not go higher than \$150 in Larkin Coupons. If the article has a price of more than \$150 in Larkin Coupons, for example, \$225 in Larkin Coupons, split it into two amounts, such as \$100 and \$125, which total \$225 in Larkin Coupons. The price you would pay in such an instance would be the total Better Homes price of the two amounts. In this case the price is the sum of \$57.50 and \$71.90, or \$129.40.

In the terms of payment table on the preceding page you will note that the smallest Better Homes order which we accept is \$25. These terms of payment cover any purchase on our easy-payment plan except the Larcophonic Radio. Terms of payment for the Radio are given in the offer.

First Payment with Order

Our confidence in our ability to fully

satisfy you is shown by the liberal terms we name. We let you enjoy your furnishings while making the payments. We require a small payment with each order, and a like payment monthly.

Satisfaction Guaranteed

We guarantee every article we ship to be exactly as described and that it will arrive in good condition. If, after receiving your furnishings, you find they are not equal to our claims for them, notify us within 30 days, and we will give instructions for return of the goods, will refund your first payment and pay transportation charges both ways.

You Save by Paying the Freight

Our prices do not include freight charges. Were we to pay the freight, our prices would all have to be advanced to cover that charge. This would be unfair to many customers. Some would pay too much, others not enough.

Whether you order the splendid rug or floor-covering by the yard in two- or three-yard width, you will be well pleased with this felt base. A good yet economical hard-surfaced material. It resembles printed linoleum and cleans as easily. It has a felt base, tough and durable. Floor-coverings of all kinds last longer and clean more easily if a protective coat of varnish is applied. If you will give the room-dimensions we will cut so that pattern will match.

Larkin Pale Linoleum Varnish, applied when Congoleum or similar floor covering is first laid, will preserve the original pattern and make it wear much longer. The varnish is easily applied, dries quickly and the task of keeping the floors clean is greatly lessened by its use. Revarnishing about once in six months will preserve the surface indefinitely. See page 70 for this wear-resisting

The all-cedar chests and the lining of the walnut cedar chests are of selected Tennesee red cedar, of beautiful grain and that enduring fragrance which is fatal to moths. Many knots are a feature highly prized because they give off a stronger aromatic odor.

Cedar Chests all have polished finish. Rigidly constructed with blind dove-tailed corners. A bag of cedar shavings in each cedar chest. All have locks and sliding casters. All cedar chests shipped from Buffalo, New York City or Peoria.

A wonderful example of craftsmanship. Made in console style with carved top and bottom moldings, fluted posts and attractive, turned legs. An ideal hope chest. Finished in a beautiful American high-lighted walnut with burl walnut overlay. Front, sides and top are cedar lined; bottom and back of solid cedar.

ELECTRICAL GOODS

There is no danger of food burning, scorching or boiling away when you use the "Conservo". Carrots, onions, meats, potatoes, oatmeal, custards and other foods are thoroughly cooked without watching or stirring. No sticky, greasy pots and pans to cause you extra work. Remember, too, it is all done on only one burner—and with very little heat, too; just enough to keep boiler steaming. Flavors cannot intermingle. Food absolutely cannot become overdone.

The copper bottom of "Conservo" is a water tank and the steam from the boiling water thoroughly cooks by live steam food placed on shelves above. This method of steam cooking is recognized as being the most successful. It doesn't cook away the flavor and vital food elements. It leaves in the natural mineral salts and other health-giving qualities of food. Yet it is practically the simplest way to cook.

Think how easy it is! Especially for a big family or guests. Suppose you want to cook a complete meal—a dinner consisting of meat, vegetables and a custard dessert. Proceed as you would in any other mode of cooking—give the meat the longest time, then put in the potatoes and other vegetables, then the custard. It will all be ready at one time—ready when you are. No last minute hustel-bustle. No confusion and rushing about. Average kitchen utensils fit "Conservo". Two big cooker pans furnished with each.

"Cold Pack" canning is easy with the "Conservo". Fourteen big quart jars (Mason, Ball or others) can be put up easily and over one burner! Or you may can seven quart jars on the upper shelf while dinner is cooking in lower shelf, saving work and fuel. No lifting of jar laden trays. Less spoilage and breakage. Experts in government extension and Home Demonstration work approve the "Cold Pack" method and the "Conservo" for canning by this method. Many practical tested ideas and recipes on home canning of meats, vegetables, fruits, soups, etc. in valuable 48 page cook book with each Conservo.

Easier CONSILKY FOOD with a CONSINER MONEY

All the best points of the best cookers, and more, are found in National Pressure Cookers -the health from cooking without water; the flavor of the roaster; the economy of the fireless cooker; the simplicity of the frying pan; the thoroughness of the old family kettle; and the safety of all. These cookers break down the starch cells, releasing hidden nourishment and making food more digestible. They retain all the valuable mineral salts and vitamins and bring out the full, rich flavor of the foods. Cheaper cuts of meat are made delicious. A full meal may be cooked in 20 minutes. The approved means of "Cold Pack" canning.

COMPLETE MEAL

Do not confuse pressure cookers with other utensils that cook without water. A National Pressure Cooker is made of heavy seamless, cast aluminum. It has a steam tight cover clamped on by locking bolts. It must have a steam gauge

and relief valve on the lid. It must cook and can at 15 pounds pressure, in \(\frac{1}{3} \) or less time of any other method. If the cooker offered you does not have all these things it is not a pressure cooker and will not do what a National Pressure Cooker will do.

Cooks While You Play

THIS remarkable utensil cooks foods in their own juices, retaining the delicious natural flavors and the health-building vitamins and minerals that are lost by the ordinary boiling method. It does not require "pot watching"; the time you spend doing this with ordinary utensils can be used for

pleasure or other duties.

The pot is made of uniformly thick, seamless aluminum, beautifully polished, with a grooved rim in which the cover fits, forming a water seal that prevents the escape of the food moisture in steam. The cover is equipped with an automatic steam valve and four easily operated nickel-plated clamps. The nickel-plated steel base is a special design that distributes heat evenly and prevents burning.

You can cook a whole meal-meat, vegetables and desserts—over one burner turned very low by using the aluminum inset pan or wire steaming rack. By inverting and placing the rack on the bottom of cooker it makes an ideal utensil for cold pack canning.

Recipe booklet included.

Advantages of Cooking with this VITALITY COOKER

1. Cooks a whole meal at one time over one burner.

2. Requires no watching. The housewife has leisure for other things while cooking proceeds.

4. Retains the delicious fresh flavor of vegetables,

5. Makes cheaper cuts of meat tender and savory. 6. Saves fuel. Cooks big roasts over one burner

turned very low. 7. Takes the place of hot oven for much cooking.

Keeps the kitchen cool.

8. Reduces loss of weight by shrinkage. Makes less

meat go further.

Prompt Delivery By Parcel Post

Parcel Post is a quick, convenient, economical method, bringing goods directly to your door.

The mailing weight is given for each mailable item in this catalog. You can, if you wish, determine what it will cost to send your order by parcel post by reference to the accompanying table of parcel post rates, after learning in which zone you live.

If you prefer, we will send your order parcel post, postage collect. You then pay the postage on delivery and send us only the cost of the goods. Thus you avert necessity of computing the amount of postage to remit.

If the words, "Shipping Weight" appear at the end of the description, the article cannot be mailed and must be shipped by freight or express.

Leave the Method of Shipment to Us

Our Traffic Department often can save you money, if you leave the method of shipment to us. When we cannot ship to advantage by Parcel Post, we ship by Freight or Express, whichever is cheaper and better. We will, however, ship in the way you request, although that way may be more expensive, if you explain your preference. For example you might write on your order "Ship by Express for March 12 wedding."

Customers Pay Transportation Charges

Freight and delivery, Parcel Post, or Express charges should be paid by Club members and customers. To cover this expense, many Club Secretaries charge 5 cents to 10 cents on each dollar's worth of goods ordered, depending upon the average transportation charge to their homes, collecting this from Club members and customers with the money for goods ordered.

In Premium clubs, the member who gets the Premium usually pays freight and delivery charges for the entire order. Thus, all take turns bearing this expense. Or this cost may be divided equally among the members each time.

Of course, the consumer always pays the cost of transportation of whatever she buys at stores, too. Retail merchants frequently have to include several charges for freight and handling in their selling prices, but you pay only one on goods from the Larkin Factories.

Safe Delivery Guaranteed

We guarantee safe delivery of all we ship. We refund promptly any Freight or Express overcharges. Whenever you think you have been overcharged for Freight or Express, send us the receipted bill.

Products and Premiums are usually shipped together When, to save you cost, a Premium is shipped direct from the manufacturer, the catalog tells the shipping point

If any goods are damaged or lost, report to us at once Also notify your Freight or Express Agent immediately

All goods are rigidly inspected and leave our factories in good condition. Always examine goods sent by Freight or Express at station before removing. If anything is damaged or missing, have agent write it on the Freight or Express bill. Send endorsed bill to us and we will adjust the matter immediately. If damage or loss is not discovered until goods are at your home notify your Freight or Express Agent within 24 hours

We consider no transaction closed until our customer is completely satisfied.

Former Offers

Most articles offered in the previous Catalog and omitted from this, can still be furnished.

It pays to save your Larkin Catalogs for future reference.

What "Shipped K. D." Means

furniture, means "knocked down" or taken apart, so that smaller, compact crates may be used for packing. This reduces our packing costs, making our prices to you lower. Furniture so packed takes lower freight rates, too,

This term, used in some offers of reducing the freight charges you pay. All our K. D. furniture is easily set up in a few moments as only the chief parts are unassembled. But a few minutes are required to assemble the parts according to simple instructions furnished.

Our Next Catalog

A copy of our next Catalog, which will be ready about August 15, 1929, will be mailed promptly to all Club Secretaries. We will gladly send it on request to any one.

Aid Dept. 101

Larkin Co Inc.

Please give me particulars about your Financial-Aid Plan.

Financial-Aid Department

Contributions to Church Work
Raising money for lodges and societies
Securing equipment for schools
Helping worthy boys and girls
Giving an invalid light employment

One use of the Larkin Plan of which we feel proud is the financial aid it has enabled our customers to give many a worthy cause. This has been accomplished by the sale of Larkin Products at catalog prices. The customer pays us half and contributes the other half to the good work she is supporting. Sometimes, instead of taking cash, some Larkin Premium has been very appropriate as a contribution.

The coupon below will quickly bring you interesting details of this popular plan. If you are going to have a church fair or bazaar, we will also tell you how you can secure free the materials for decorating a beautiful booth. If you are ever called upon to help someone or some good cause, you should know about this plan.

"Our Ladies' Aid has cleared twenty-seven dollars on the two orders and are well pleased with the Products."

Miss Margaret Weiss, New Baden, Ill. "I am just a little girl 11 years old. I am proud to say I got my Mother and myself some nice things by the Larkin Plan. I must say of all the things I have received, I like my Dress best of all."

Helen Cash, Handley, W. Va.

30 DAYS' CREDIT

Without sending any money in advance, you can easily satisfy yourself of the quality of Larkin Goods and the savings of the Larkin Plan by a 30-day trial order. By our liberal credit offer, you may send for a good-size order of Larkin goods for yourself or neighbors and take a month, if you wish, to pay.

Select an order of \$10 to \$20. Use the Larkin Order Blank

headed, "Use This Side for Goods on 30 Days' Credit."

Send no money with the order! Just try the goods and, if satisfied, pay us in thirty days. If you are not delighted with Larkin quality, notify us and we will remove the goods at our expense.

How to Get the Larger Premiums

The more valuable Premiums — those given with a larger purchase of Products than \$10 - may be obtained as follows:

If the Premium you want costs more Coupons than you have on hand or are due you, you may secure this Premium by paying one-half the Coupon shortage in cash, that is, \$1 cash for each \$2 in Coupons lacking.

For example, suppose you want the 29-piece set of Oneida Community Silverware on page 132, a Premium "with \$20 Purchase or Coupons." You have due you, let us say, the Premium or Coupons on a \$10 purchase. The remaining \$10 purchase or Coupons may be settled by paying \$5 in cash.

The cash price of Products or Premiums purchased alone is one-half the price printed in the catalog.

LARKIN COUPONS

If you do not wish to select a Premium at once we send you instead Larkin Coupons which may be exchanged for Premiums at any time.

Larkin Coupons are more valuable than any other Premium Coupons. Do not confuse them with others, hundreds of which are usually needed to get worth-while merchandise. We give the world's greatest Premium-value. This is proof!

Larkin Coupons are issued in amounts of 5c, \$2, \$5 and \$10. Keep your Larkin Coupons as you would money. Duplicate Coupons cannot be issued.

Coupons may not be used in settlement of Credit Orders.

You can obtain any Premium by saving the required amount of Coupons shown in each offer. Larkin Coupons may also be ex-Larkin Co. of Illinois changed for Products at "with Premium" prices.
